Re: Morgantown Ordnance Works

Dear Ms. Insetta:

Reference is made to EPA letter of December 13, 1984, and G. Edward Yurcon's letter of December 21, 1984, concerning the above-captioned matter.

Based on investigation of files of The Monongahela Railway Company, the following responses are made to the questions propounded in the December 13, 1984, letter:

1. The Monongahela Railway Company has no record of ever depositing hazardous substances at the subject site.

2. As a common carrier engaged in interstate commerce, The Monongahela Railway Company has been "involved" with the subject site at various times since the 1940's when the site was established by the U. S. Government.

3. The Monongahela Railway Company has no knowledge of hazardous substances deposited at the subject site. The Monongahela Railway Company itself did not deposit any hazardous substances at this site.

4. The Monongahela Railway Company has no knowledge of any individuals who may have transported, sold, gave, sent to, disposed of or otherwise handled any hazardous substances at the subject site. The Monongahela Railway Company itself did not transport, sell, give, send, dispose of or otherwise handle any hazardous substances at this site.

5. Not applicable.

6. Not applicable.

7. The Monongahela Railway Company does not use hazardous substances in its processes. Therefore, no such hazardous substances were sent to this site.

Please send any further correspondence concerning this matter to my attention.

Very truly yours,

Richard A. Porach
Office Of General Counsel
